Nassau Humane Society Volunteer Code of Conduct

Professionalism

- Please dress in appropriate clothing while at the adoption center. Grass can be muddy, the kennels are slippery, and dogs sometimes jump. Please wear closed-toes shoes, a volunteer badge, and comfortable pants, shorts, or capris.
- Cell phone use should be limited. If you need to make a call or send a text, wait until you are not working directly with an animal. Focus and attention should be on the animals you are working with to ensure their safety, the safety of other animals and people around you, and to ensure they are getting proper enrichment.
- Nassau Humane Society is not responsible for lost or stolen items.
- Profanity, drugs, and alcohol are not permitted on property. To keep our animals and other volunteers/staff safe, you should never be under the influence while volunteering.
- Nassau Humane Society is a smoke/vape free facility. Please use the designated smoking area if needed.
- Friends and family are not permitted to join you while volunteering unless prior approval from a staff member has been received.
- Please be welcoming and speak with mindfulness and respect to other volunteers, staff, and guests visiting NHS.

Community Involvement

- Be sure to identify yourself as a volunteer and always refer any questions or inquiries to NHS staff.
- Any posts on social media should state that you are a volunteer.
- Information regarding owner surrenders, staff, volunteers, clients, and donors is confidential and should not be discussed or shared outside of NHS.

Safety

- Working with animals exposes you to risk of injury and spread of some diseases. By signing this, you are acknowledging and accepting these risks.
- Training is required for all volunteer opportunities to ensure safety and training consistency. Training requirements are listed in the role description. The volunteer

coordinator and other staff can also provide descriptions. Said descriptions may be modified at any time.

- Always treat animals with respect and patience. If you have a difficult animal, ask for assistance so that you can properly handle the animal or return them to their kennel. Aversive training methods and/or punishment (physical or verbal) are prohibited and may result in immediate dismissal.
- Please check-in with a staff member before handling an animal you have not handled before.

Reporting Concerns

- Always report accidents and injuries to staff promptly.
- Report any sign of animal mistreatment by another volunteer, staff member, or guest immediately.
- Report any medical or behavior problems of an animal to staff.
- Discuss any problems with another volunteer or staff member with the volunteer coordinator.
- Discuss any problems with a guest to a staff member at the time of the incident.

Commitment to the program

- Volunteers are responsible for scheduling shifts via Volgistics.
- Check in at the front desk upon arrival for your volunteer shifts to record your check-in and out times.
- Please stay up-to-date with email announcements and newsletters as they may contain important information regarding volunteer needs and any changes occurring at NHS.
- Nassau Humane Society reserves the right to revoke volunteer privileges to anyone with reported negative behavior or attitude towards the animals, staff and/or fellow volunteers. The goal of the volunteer program is to bring positivity into the lives of the animals, and any negative impact on the health of the environment will not be tolerated.

I acknowledge that I received, read, and am responsible for knowing the NHS volunteer code of conduct described above.
